ASPH Rabbit Polyclonal Antibody

CAB13153

Size:

Product Information

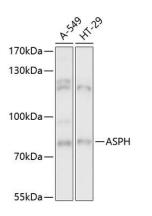

This gene is thought to play an important role in calcium homeostasis. The gene is expressed from two promoters and undergoes extensive alternative splicing. The encoded set of proteins 20uL, 50uL, 100uL, 200uL share varying amounts of overlap near their N-termini but have substantial variations in their C-terminal domains resulting in distinct functional properties. The longest isoforms (a and f) **Observed MW:** include a C-terminal Aspartyl/Asparaginyl beta-hydroxylase domain that hydroxylates aspartic acid or asparagine residues in the epidermal growth factor (EGF)-like domains of some proteins, 86kDa including protein C, coagulation factors VII, IX, and X, and the complement factors C1R and **Calculated MW:** C1S. Other isoforms differ primarily in the C-terminal sequence and lack the hydroxylase domain, and some have been localized to the endoplasmic and sarcoplasmic reticulum. Some 21-34kDa/83-85kDa of these isoforms are found in complexes with calsequestrin, triadin, and the ryanodine receptor, and have been shown to regulate calcium release from the sarcoplasmic reticulum. **Applications:** Some isoforms have been implicated in metastasis. WB IHC Immunogen information **Reactivity:** Gene ID: Human 444 Uniprot Q12797 **Antibody Information Recommended dilutions:** Synonyms: WB 1:500 - 1:2000 IHC 1:50 ASPH; AAH; BAH; CASQ2BP1; FDLAB; HAAH; JCTN; junctin - 1:100 Source: Rabbit Immunogen: Recombinant fusion protein containing a sequence corresponding **Isotype:** to amino acids 111-270 of human ASPH (NP_001158227.1). lgG Storage: Store at -20°C. Avoid freeze / thaw cycles. Buffer: PBS with 0.02%

Purification: Affinity purification

sodium azide, 50% glycerol, pH7.3.

Western blot analysis of extracts of various cell lines, using ASPH antibody (CAB13153) at 1:3000 dilution. Secondary antibody: HRP Goat Anti-Rabbit IgG (H+L) (CABS014) at 1:10000 dilution. Lysates/proteins: 25ug per lane. Blocking buffer: 3% nonfat dry milk in TBST. Detection: ECL Basic Kit (CABM00020). Exposure time: 3s.
