CDS1 Rabbit Polyclonal Antibody

CAB13758

| Product Information | Protein Background |
|-------------------------------|---|
| Size: | Breakdown products of phosphoinositides are ubiquitous second messengers that function |
| 20uL, 50uL, 100uL, 200uL | downstream of many G protein-coupled receptors and tyrosine kinases regulating cell growth, calcium metabolism, and protein kinase C activity. This gene encodes an enzyme which |
| | regulates the amount of phosphatidylinositol available for signaling by catalyzing the |
| Observed MW: | conversion of phosphatidic acid to CDP-diacylglycerol. This enzyme is an integral membrane |
| 57kDa | protein localized to two subcellular domains, the matrix side of the inner mitochondrial |
| | membrane where it is thought to be involved in the synthesis of phosphatidylglycerol and |
| Calculated MW: | cardiolipin and the cytoplasmic side of the endoplasmic reticulum where it functions in phosphatidylinositol biosynthesis. Two genes encoding this enzyme have been identified in |
| 53kDa | humans, one mapping to human chromosome 4q21 and a second to 20p13. |
| Applications: | Immunogen information |
| WB | |
| | Gene ID: |
| Reactivity: | 1040 |
| Human | Uniprot |
| | Q92903 |
| Antibody Information | |
| Antibody information | Synonyms: |
| Recommended dilutions: | CDS1; CDS |
| WB 1:500 - 1:2000 | |
| Source: | |
| Rabbit | Immunogen: |
| | Recombinant fusion protein containing a sequence corresponding to amino acids 1-80 of human CDS1 (NP_001254.2). |
| leatura | |
| lsotype: lgG | |
| .90 | Storage: |
| | Store at -20°C. Avoid freeze / thaw cycles. Buffer: PBS with 0.02% sodium azide, 50% glycerol, pH7.3. |
| Purification: | |
| Affinity purification | |

Western blot analysis of extracts of various cell lines, using CDS1 antibody (CAB13758) at 1:3000 dilution. Secondary antibody: HRP Goat Anti-Rabbit IgG (H+L) (CABS014) at 1:10000 dilution. Lysates/proteins: 25ug per lane. Blocking buffer: 3% nonfat dry milk in TBST. Detection: ECL Basic Kit (CABM00020). Exposure time: 90s.
