KDM1A Antibody

PACO19157

Product Information

Size:

50ul

Reactivity:

Human, Mouse

Source:

Rabbit

Isotype:

lgG

Applications:

ELISA, WB, IHC

Recommended dilutions:

ELISA:1:1000-1:2000, WB:1:200-1:1000, IHC:1:50-1:200

Protein Background:

Kininogens are inhibitors of thiol proteases; (2) HMW-kininogen plays an important role in blood coagulation by helping to position optimally prekallikrein and factor XI next to factor XII; (3) HMW-kininogen inhibits the thrombin- and plasmin-induced aggregation of thrombocytes; (4) the active peptide bradykinin that is released from HMW-kininogen shows a variety of physiological effects: (4A) influence in smooth muscle contraction, (4B) induction of hypotension, (4C) natriuresis and diuresis, (4D) decrease in blood glucose level, (4E) it is a mediator of inflammation and causes (4E1) increase in vascular permeability, (4E2) stimulation of nociceptors (4E3) release of other mediators of inflammation (e. g. prostaglandins), (4F) it has a cardioprotective effect (directly via bradykinin action, indirectly via endothelium-derived relaxing factor action); (5) LMW-kininogen inhibits the aggregation of thrombocytes; (6) LMW-kininogen is in contrast to HMW-kininogen not involved in blood clotting.

Gene ID:

KDM1A

Uniprot

O60341

Synonyms:

lysine (K)-specific demethylase 1A

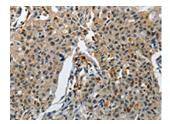

Immunogen:

Synthetic peptide of human KDM1A.

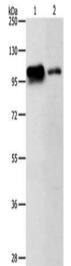

Storage:

-20° C, pH7.4 PBS, 0.05% NaN3, 40% Glycerol

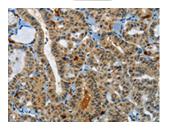

Product Images

The image on the left is immunohistochemistry of paraffin-embedded Human lung cancer tissue using PACO19157(KDM1A Antibody) at dilution 1/60, on the right is treated with synthetic peptide. (Original magnification: x—200).

Gel: 8%SDS-PAGE, Lysate: 40 μ g, Lane 1-2: Jurkat cells, 293T cells, Primary antibody: PACO19157(KDM1A Antibody) at dilution 1/500, Secondary antibody: Goat anti rabbit IgG at 1/8000 dilution, Exposure time: 1 minute.

The image on the left is immunohistochemistry of paraffin-embedded Human thyroid cancer tissue using PACO19157(KDM1A Antibody) at dilution 1/60, on the right is treated with synthetic peptide. (Original magnification: x—200).
