## **PLG Antibody**

## PACO20258

## **Product Information**

Size:

50ul

Human, Rat

Reactivity:

Source:

Rabbit

Isotype:

lgG

Applications:

ELISA, WB, IHC

**Recommended dilutions:** 

ELISA:1:1000-1:2000, WB:1:200-1:1000, IHC:1:50-1:200

**Protein Background:** 

Non-receptor tyrosine kinase that plays a redundant role with ITK in regulation of the adaptive immune response. Regulates the development, function and differentiation of conventional T-cells and nonconventional NKT-cells. When antigen presenting cells (APC) activate T-cell receptor (TCR), a series of phosphorylation lead to the recruitment of TXK to the cell membrane, where it is phosphorylated at Tyr-420. Phosphorylation leads to TXK full activation. Contributes also to signaling from many receptors and participates in multiple downstream pathways, including regulation of the actin cytoskeleton. Like ITK, can phosphorylate PLCG1, leading to its localization in lipid rafts and activation, followed by subsequent cleavage of its substrates. In turn, the endoplasmic reticulum releases calcium in the cytoplasm and the nuclear activator of activated T-cells (NFAT) translocates into the nucleus to perform its transcriptional duty.

Gene ID:

PLG

Uniprot

P00747

Synonyms:

plasminogen

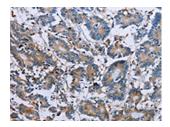

Immunogen:

Synthetic peptide of human PLG.

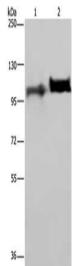

Storage:

-20° C, pH7.4 PBS, 0.05% NaN3, 40% Glycerol

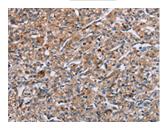

## **Product Images**

The image on the left is immunohistochemistry of paraffin-embedded Human colon cancer tissue using PACO20258(PLG Antibody) at dilution 1/40, on the right is treated with synthetic peptide. (Original magnification: x—200).

Gel: 6%SDS-PAGE, Lysate: 40 ug, Lane 1-2: Human placenta tissue, Human serum, Primary antibody: PACO20258(PLG Antibody) at dilution 1/200, Secondary antibody: Goat anti rabbit IgG at 1/8000 dilution, Exposure time: 2 minutes.

The image on the left is immunohistochemistry of paraffin-embedded Human prostate cancer tissue using PACO20258(PLG Antibody) at dilution 1/40, on the right is treated with synthetic peptide. (Original magnification: x—200).
