

GRP Antibody, Biotin conjugated

PACO27200

Product Information

Size:

50ug

Reactivity:

Human

Source:

Rabbit

Isotype:

IgG

Applications:

ELISA

Recommended dilutions:

Protein Background:

GRP stimulates gastrin release as well as other gastrointestinal hormones. Operates as a negative feedback regulating fear and established a causal relationship between GRP-receptor gene expression, long-term potentiation, and amygdala-dependent memory for fear.

Gene ID:

GRP

Uniprot

P07492

Synonyms:

Gastrin-releasing peptide (GRP) [Cleaved into: Neuromedin-C (GRP-10)], GRP

Immunogen:

Recombinant Human Gastrin-releasing peptide protein (31-98AA).

Storage:

Preservative: 0.03% Proclin 300. Constituents: 50% Glycerol, 0.01M PBS, PH 7.4
