

Pka-C1 Antibody

PACO34146

Product Information

Size:

50ug

Reactivity:

Drosophila melanogaster

Source:

Rabbit

Isotype:

IgG

Applications:

ELISA

Recommended dilutions:**Protein Background:**

Serine/threonine-protein kinase involved in memory formation. Promotes long-term memory by phosphorylating *meng* and by regulating *CrebB* protein stability and activity. As part of ethanol response in the glia, mediates ethanol-induced structural remodeling of actin cytoskeleton and perineurial membrane topology when anchored to the membrane.

Gene ID:

Pka-C1

Uniprot

P12370

Synonyms:

cAMP-dependent protein kinase catalytic subunit 1 (PKA C) (Protein kinase DC0), Pka-C1, CdkA DC0

Immunogen:

Recombinant *Drosophila melanogaster* cAMP-dependent protein kinase catalytic subunit 1 protein (2-353AA).

Storage:

Preservative: 0.03% Proclin 300. Constituents: 50% Glycerol, 0.01M PBS, PH 7.4
