SPC24 Antibody

PACO46878

Reactivity:

Human

Source:

Product Information

Size: Protein Background:

50ug Acts as a component of the essential kinetochore-associated NDC80 complex, which is

required for chromosome segregation and spindle checkpoint activity. Required for kinetochore integrity and the organization of stable microtubule binding sites in the

outer plate of the kinetochore. The NDC80 complex synergistically enhances the affinity

of the SKA1 complex for microtubules and may allow the NDC80 complex to track

depolymerizing microtubules.

Rabbit Gene ID:

Isotype: SPC24

lgG Uniprot

Applications: Q8NBT2

ELISA, IHC Synonyms:

Recommended dilutions: Kinetochore protein Spc24 (hSpc24), SPC24, SPBC24

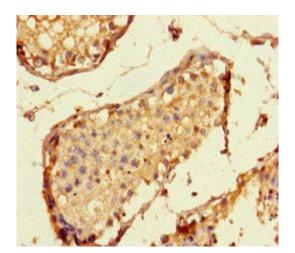

ELISA:1:2000-1:10000, IHC:1:20-1:200 **Immunogen:**

Recombinant Human Kinetochore protein Spc24 protein (21-97AA).

Storage:

Preservative: 0.03% Proclin 300. Constituents: 50% Glycerol, 0.01M PBS, PH 7.4
