

Animal Model DIY ELISA Kits

Do-It-Yourself Development ELISA

CONVENIENT

Each set comes with enough reagents to perform 200 to 1,000 assays in a cost effective development kit format

VALIDATED

Includes optimized recombinant standard and specific antibody pairs validated in ELISA

FLEXIBLE

Each component can be purchased separately for scale-up and validation studies

COMPREHENSIVE

Choose from over 240 analytes from multiple species including monkey, mouse, rat, dog, horse, cat, goat, chicken, ferret, zebrafish, dolphin, guinea pig, rabbit & many more
