

# Anti-BAG1 [R07-8C1] Monoclonal Antibody

## AGMB00323

### Description

---

This Anti-BAG1 [R07-8C1] Monoclonal Antibody is supplied as a kit for advanced applications. The kit includes Bradford Reagent to quantify total protein concentration for accurate sample normalization (Optional).

### Product Information

---

|                       |                                                                                             |
|-----------------------|---------------------------------------------------------------------------------------------|
| <b>SKU:</b>           | AGMB00323                                                                                   |
| <b>Contents:</b>      | 20µl, 50µl, 100µl<br>Bradford Reagent: 1 vial (2ml)                                         |
| <b>Synonyms:</b>      | BAG1, HAP, BAG family molecular chaperone regulator 1, BAG-1, Bcl-2-associated athanogene 1 |
| <b>Applications:</b>  | <b>WB</b> <b>IHC-P</b> <b>ICC/IF</b>                                                        |
| <b>Research Area:</b> | Cell Biology                                                                                |
| <b>Form:</b>          | Liquid                                                                                      |

### Antibody Data

---

|                      |                                   |
|----------------------|-----------------------------------|
| <b>Reactivity:</b>   | Human, Mouse, Rat                 |
| <b>Clone:</b>        | R07-8C1                           |
| <b>Clonality:</b>    | Monoclonal Antibody               |
| <b>SwissProt ID:</b> | Q99933                            |
| <b>Immunogen:</b>    | A synthetic peptide of human Bag1 |
| <b>Gene ID:</b>      | 573                               |

#### Manufacturers Statement

This final kit system is assembled and quality-released by Assay Genie Limited.

|                          |                                                  |
|--------------------------|--------------------------------------------------|
| <b>Gene Name:</b>        | BAG1                                             |
| <b>Host Species:</b>     | Rabbit                                           |
| <b>Isotype:</b>          | IgG                                              |
| <b>Purification:</b>     | Affinity Purified                                |
| <b>Conjugated:</b>       | Unconjugated                                     |
| <b>Modification:</b>     | Unmodified                                       |
| <b>Molecular Weight:</b> | Calculated MW: 39 kDa, Observed MW: 52,46,33 kDa |

## Preparation & Storage

---

**Storage:** Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.  
Store Bradford Reagent at Room Temperature for 1 Year.

**Storage Buffer:** Liquid in 50mM Tris-Glycine(pH 7.4), 0.15M NaCl, 40%Glycerol, 0.01% sodium azide and 0.05% BSA.

| <b>Antibody Dilution Ratio:</b>           | Application                                                                                                                                                                                                                                             | Antibody Dilution Ratio |
|-------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------|
