

# Anti-p53 [R07-5G9] Monoclonal Antibody

## AGMB01754

### Description

---

This Anti-p53 [R07-5G9] Monoclonal Antibody is supplied as a kit for advanced applications. The kit includes Bradford Reagent to quantify total protein concentration for accurate sample normalization (Optional).

### Product Information

|-----------------------|---------------------------------------------------------------------------------------------------|
| <b>SKU:</b>           | AGMB01754                                                                                         |
| <b>Contents:</b>      | 20µl, 50µl, 100µl<br>Bradford Reagent: 1 vial (2ml)                                               |
| <b>Synonyms:</b>      | TP53, P53, Cellular tumor antigen p53, Antigen NY-CO-13, Phosphoprotein p53, Tumor suppressor p53 |
| <b>Applications:</b>  | <b>WB</b> <b>IHC-P</b> <b>ICC/IF</b> <b>FC</b> <b>IP</b>                                          |
| <b>Research Area:</b> | Cell Biology                                                                                      |
| <b>Form:</b>          | Liquid                                                                                            |

### Antibody Data

---

|                      |                                              |
|----------------------|----------------------------------------------|
| <b>Reactivity:</b>   | Human                                        |
| <b>Clone:</b>        | R07-5G9                                      |
| <b>Clonality:</b>    | Monoclonal Antibody                          |
| <b>SwissProt ID:</b> | P04637                                       |
| <b>Immunogen:</b>    | A synthesized peptide derived from human p53 |
| <b>Gene ID:</b>      | 7157                                         |

#### Manufacturers Statement

This final kit system is assembled and quality-released by Assay Genie Limited.

|                          |                                            |
|--------------------------|--------------------------------------------|
| <b>Gene Name:</b>        | TP53                                       |
| <b>Host Species:</b>     | Rabbit                                     |
| <b>Isotype:</b>          | IgG                                        |
| <b>Purification:</b>     | Affinity Chromatography                    |
| <b>Conjugated:</b>       | Unconjugated                               |
| <b>Modification:</b>     | Unmodified                                 |
| <b>Molecular Weight:</b> | Calculated MW: 44 kDa, Observed MW: 53 kDa |

## Preparation & Storage

---

**Storage:** Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.  
Store Bradford Reagent at Room Temperature for 1 Year.

**Storage Buffer:** Liquid in 10mM PBS, pH 7.4, 150mM sodium chloride, 0.05% BSA, 0.02% sodium azide and 50% glycerol.

| <b>Antibody Dilution Ratio:</b>           | Application                                                                                                                                                                                                                                             | Antibody Dilution Ratio |
