

Anti-mouse CCL2 Polyclonal Antibody

KPAB0359

Description

This Anti-mouse CCL2 Polyclonal Antibody has been validated for ELISA, ELISpot, FC, Neutralization, WB applications.

Product Information

SKU:	KPAB0359
Concentration:	1.0 mg/mL
Conjugated:	Unconjugated
Applications:	ELISA, ELISpot, FC, Neutralization, WB

Antibody Data

Host:	Rabbit
Reactivity:	Mouse
Immunogen:	Recombinant Mouse CCL2
Molecular Weight:	13.8 kDa (calculated) for mouse CCL2
Purification:	Antigen-affinity Purification
Formulation:	1X PBS buffer containing 0.09% NaN ₃
Homology:	Mus musculus (house mouse)

Preparation & Storage

Storage: Stable for up to twelve months from date of receipt at 2-8°C.

Shipping: Shipped under temperature-controlled conditions using insulated packaging to maintain product stability.
