

## Serine protease inhibitor Kazal-type 2-like protein Antibody

PACO33968

### Description

---

This Serine protease inhibitor Kazal-type 2-like protein Antibody is supplied as a kit for advanced applications. The kit includes Bradford Reagent to quantify total protein concentration for accurate sample normalization (Optional).

### Product Information

---

| <b>SKU:</b>          | PACO33968                              |
| <b>Contents:</b>     | 50µg<br>Bradford Reagent: 1 vial (2ml) |
| <b>Category:</b>     | -                                      |
| <b>Synonyms:</b>     | -                                      |
| <b>Clone:</b>        | Polyclonal                             |
| <b>Applications:</b> | <a href="#">ELISA</a>                  |
| <b>Conjugation:</b>  | Non-conjugated                         |
| <b>Reactivity:</b>   | Cyprinus carpio                        |

### Antibody Data

---

|                           |                                                                                           |
|---------------------------|-------------------------------------------------------------------------------------------|
| <b>Isotype:</b>           | IgG                                                                                       |
| <b>Uniprot:</b>           | A0A059T4U4                                                                                |
| <b>Host Species:</b>      | Rabbit                                                                                    |
| <b>Purification:</b>      | >95%, Protein G purified                                                                  |
| <b>Immunogen:</b>         | Recombinant Cyprinus carpio Serine protease inhibitor Kazal-type 2-like protein (18-77AA) |
| <b>Immunogen Species:</b> | Cyprinus carpio                                                                           |
| <b>Buffer:</b>            | Preservative: 0.03% Proclin 300 Constituents: 50% Glycerol, 0.01M PBS, PH 7.4             |
| <b>Form:</b>              | Liquid                                                                                    |

**Manufacturers Statement:** This final kit system is assembled and quality-released by Assay Genie Limited.

## Preparation & Storage

---

**Storage:** Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.  
Store Bradford Reagent at Room Temperature for 1 Year.

| Recommended Dilutions: | Application | Recommended Dilution |
|------------------------|-------------|----------------------|
|                        | -           | -                    |

**Protein Quantification (Optional):** To quantify total protein levels, use the Bradford Reagent included in this kit. Visit <https://www.assaygenie.com/bradford-protein-assay-protocol/> to view the full protocol

## Validation Data
