

## VKORC1L1 Antibody

PACO37906

### Description

---

This VKORC1L1 Antibody is supplied as a kit for advanced applications. The kit includes Bradford Reagent to quantify total protein concentration for accurate sample normalization (Optional).

### Product Information

---

|                      |                                                                                               |
|----------------------|-----------------------------------------------------------------------------------------------|
| <b>SKU:</b>          | PACO37906                                                                                     |
| <b>Contents:</b>     | 50µg<br>Bradford Reagent: 1 vial (2ml)                                                        |
| <b>Category:</b>     | -                                                                                             |
| <b>Synonyms:</b>     | VKORC1L1, Vitamin K epoxide reductase complex subunit 1-like protein 1, VKORC1-like protein 1 |
| <b>Clone:</b>        | Polyclonal                                                                                    |
| <b>Applications:</b> | <b>ELISA</b> <b>IHC</b>                                                                       |
| <b>Conjugation:</b>  | Non-conjugated                                                                                |
| <b>Reactivity:</b>   | Human                                                                                         |

|                           |                                                                                                  |
|---------------------------|--------------------------------------------------------------------------------------------------|
| <b>Isotype:</b>           | IgG                                                                                              |
| <b>Uniprot:</b>           | Q8N0U8                                                                                           |
| <b>Host Species:</b>      | Rabbit                                                                                           |
| <b>Purification:</b>      | >95%, Protein G purified                                                                         |
| <b>Immunogen:</b>         | Recombinant Human Vitamin K epoxide reductase complex subunit 1-like protein 1 protein (38-91AA) |
| <b>Immunogen Species:</b> | Homo sapiens (Human)                                                                             |
| <b>Buffer:</b>            | Preservative: 0.03% Proclin 300 Constituents: 50% Glycerol, 0.01M PBS, PH 7.4                    |
| <b>Form:</b>              | Liquid                                                                                           |

**Manufacturers Statement:** This final kit system is assembled and quality-released by Assay Genie Limited.

## Preparation & Storage

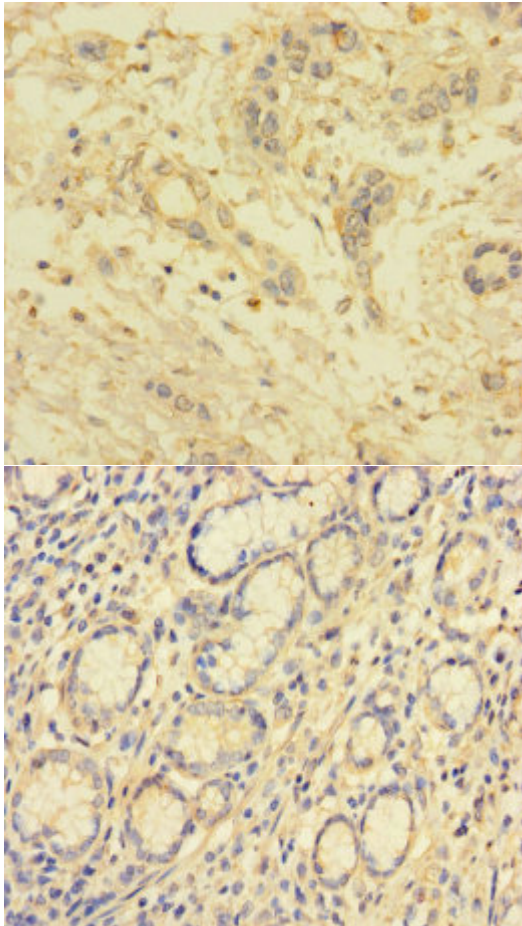

**Storage:** Upon receipt, store at -20°C or -80°C. Avoid repeated freeze.  
Store Bradford Reagent at Room Temperature for 1 Year.

| Recommended Dilutions: | Application | Recommended Dilution |
|------------------------|-------------|----------------------|
|                        | IHC         | 1:20-1:200           |

**Protein Quantification (Optional):** To quantify total protein levels, use the Bradford Reagent included in this kit. Visit <https://www.assaygenie.com/bradford-protein-assay-protocol/> to view the full protocol

## Validation Data

### Image

### Description

Immunohistochemistry of paraffin-embedded human pancreatic cancer using PACO37906 at dilution of 1:100

Immunohistochemistry of paraffin-embedded human stomach tissue using PACO37906 at dilution of 1:100
