Section 4: First-Aid Measures					
• Classification according to GHS					
4.1 General advice					
• Consult a physician. Show this safety data sheet to the doctor in attendance.					
4.2 If inhaled					
• If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.					
4.3 In case of skin contact					
• Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water. Consult a physician.					
4.4 In case of eye contact					
• Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.

Section 6: Accidental Release Measures					
6.1 Person-related safety precautions					
• Use personal protective equipment. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Remove all sources • of ignition. Evacuate personnel to safe areas. Beware of vapors accumulating to form explosive concentrations. Vapors • can accumulate in low areas.					
6.2 Measures for environmental protection					
• Prevent further leakage or spillage if safe to do so. Do not let enter drains. Discharge into the environment must be • avoided.					
6.3 Measures for containment and cleaning					
• Contain spillage, and then collect with non-combustible absorbent material (eg. sand,					

diatomaceous earth, vermiculite).

- Place in a container for disposal according to local regulations. Pick up and arrange disposal without creating dust. Sweep
- up and shovel. Keep in suitable, closed containers for disposal. Sweep up and shovel. Contain spillage, and then collect
