## Section 4: First-Aid Measures

- Classification according to GHS

#### **4.1 General advice**

- Consult a physician. Show this safety data sheet to the doctor in attendance.

#### **4.2 If inhaled**

- If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

#### **4.3 In case of skin contact**

- of ignition. Evacuate personnel to safe areas. Beware of vapors accumulating to form explosive concentrations. Vapors
- can accumulate in low areas.

#### **6.2 Measures for environmental protection**

- Prevent further leakage or spillage if safe to do so. Do not let enter drains. Discharge into the environment must be
- avoided.

#### **6.3 Measures for containment and cleaning**

- Contain spillage, and then collect with non-combustible absorbent material (eg. sand, diatomaceous earth, vermiculite).
- Place in a container for disposal according to local regulations. Pick up and arrange disposal

without creating dust. Sweep

- up and shovel. Keep in suitable, closed containers for disposal. Sweep up and shovel.

Contain spillage, and then collect

- with an electrically protected vacuum cleaner or by wet-brushing and place in container for disposal according to local
- regulations (see section 13). Keep in suitable, closed containers for disposal.
